Emergency & Trauma Care

Victoria Hospitals Foundation and Island Health

Each year, the Victoria Hospitals Foundation (VHF) and Island Health partner to determine priority equipment needs in our hospitals. Capital Finance receives equipment requests from the departments and creates a list of approved equipment. With the help of this list, VHF develops campaign themes. In addition, we aim to align donors' wishes with the needs of the department. In fiscal 2020/21, we committed \$8,231,047 to equipment, special projects, education, and research supporting Royal Jubilee and Victoria General hospitals and Island Health as a whole. Annually, the Foundation funds more than 100 pieces of equipment to support all 11 areas of care, or 40% of new equipment in our hospitals. Find out more at victoriahf.ca

Stories Shared

Dr. Ashmead

"My father was an emergency physician in Victoria for 40 years. I certainly had the model of seeing my father through his practice. Growing up, knowing what he did and seeing how he helped people."

Campaigns in Support

Hospital Heroes of Victoria

March 2020 saw a change in the way we do things, in everyday life and in healthcare, around the world and here in Greater Victoria. To support our local healthcare heroes, we launched the Hospital Heroes of Victoria campaign to support our 7,900 care providers and staff at Royal Jubilee, Victoria General, and Gorge Road hospitals. We want to ensure they have what they need to provide world-class care—to protect and maintain it through our current challenges and into the future.

The Big Picture

In November 2020, we completed \$4 million campaign entitled The Big Picture to fund priority, leading-edge imaging equipment for multiple areas within RJH and VGH. The campaign funded 42 pieces of equipment thanks to 3,500 donors.

We see you. We thank you.
